FOUND GUILTY.

Jury Return Such a Verdict Against John D. Hart

For Setting on Foot a Military Expedition to Cuba in Defiance of Neutrality Laws.

PHILADELPHIA, Feb. 23.—John D. Hart, owner of the filibustering steamer Laurada, who has been on trial in the United States court here for several days, charged with setting on foot a military expedition to Cuba in defiance of the neutrality laws, was found guilty this morning by the jury.

The jury retired at 3:45 yesterday afternoon and three hours later had agreed on a verdict. The result was not announced, however, until court opened at 10 o'clock this morning. The defendant was in court at the time the verdict was announced, but he gave no outward indication of emotion.

Counsel for the defense at once made a motion for a new trial and was allowed the usual four days in which to prepare his brief. The defendant's counsel also asked that Captain Hart be admitted to bail pending the motion for a new trial. Judge Butler said all cases must be treated alike. If an established rule was vacated it ceased to be a rule. He added, however, that if the district attorney would ask the court to have Captain Hart released on bail, showing reasonable grounds, the court would not hesitate to do so. The judge will decide the matter later and Hart was placed in custody of the United States marshall, but not locked up.

Captain Hart and his two steamers, the Laurada and Bermuda, have given the United States government more trouble than all the other alleged filibusters afloat. The expedition which eventually caused the conviction of Captain Hart was formed in this city and New York about the first of August last year. Captain Hart placed the steamer Laurada at the disposal of the Cuban junta and on August 6th, 1896, she sailed, ostensibly on a coastwise trip, clearing for Wilmington, Del. The Laurada steamed to Wilmington and there secured clearance papers for Jamaica. Instead of sailing for Jamaica the Laurada steamed around to a point off Barnegat, N. J., and took on a cargo of arms, ammunition and eighteen men. She sailed for the Navassa Islands and there transferred the war materials to the famous filibuster Dauntless.

It was shown by the evidence that Captain Hart took an active part in fitting out the expedition. He hired the yacht to carry the eighteen men to the Laurada, had the stores placed on the vessel and had general supervision of the work. He had three hearings before Commissioners Craig, Bell and Edmunds, and was finally held for trial.

The trial which resulted in conviction today was begun last Tuesday. Scores of witnesses were produced by the prosecution among the members of the Laurada's crew and the crews of the yachts and tugs which aided in making the expedition a success.

SCHINNER LEADS

In the Great Race of Bicyclists at Chicago.

Ashinger is in Second Place—Teddy Hale's Legs are Played Out and His Stomach Bad.

CHICAGO, Feb. 23.—The score of the six leading men in the bicycle race at 9:15 today was as follows: Schinner, 529 miles; Ashinger, 488 miles; Miller, 473 miles; Stewart, 450 miles; Hale, 449 miles; Lawson, 436 miles.

Teddy Hale withdrew from the race this morning for forty-five minutes. He was sulky and left the track on several occasions during the evening and at 8 o'clock today he left the track, saying to his trainer, Mr. Johnson:

"I guess I will chuck it up. My legs are played out," he added, "and my stomach is bad."

After a long discussion with Trainer Johnson and Manager Hall, "Teddy" resumed the racing. He is now in the fourth place and all he can do is to work for third place, as Schinner seems to be in the lead far enough to win the race. He is forty-one miles in the lead of Ashinger, who is second.

SETTLES WITH THE COUNTY

Reuben Sawvel, of Waterloo, Makes Arrangements to Avoid Arrest.

WATERLOO, Ind., Feb. 22.—Ex-Treasurer Reuben Sawvel, who was a defaulter to the extent of $3,600, to avoid arrest, settled with the county today by deeding his two-thirds interest in his eighty-acre farm and two-thirds interest in his residence property, his wife reserving the one-third for her allowance. Besides the above Sawvel paid the county commissioners $1,500 and they gave him all the orders and papers which would serve as evidence against him.

Found Dead.

PHILADELPHIA, Pa., Feb. 23—John Croker, who is supposed to have been a man of considerable wealth, was found dead in his room at Crosky and Norris streets, this city. Mr. Croker was eighty years of age and claimed to be an uncle of Richard Croker, of New York.

Was a Love Affair.

BOSTON, Feb. 23.—John Lewis Roche, a son of James Jeffery Roche, the editor of the Boston Pilot, shot himself in the right lung last night while standing in the doorway of the Castle Square hotel. His wound is dangerous. A love affair is thought to be the cause of Mr. Roche's act.

INDIAN RISING.

The Situation in Mason Valley Very Discouraging.

Several Hundred Settlers Threatened by the Red Men—Recruits Being Raised.

VIRGINIA, Feb. 23.—Colonel Lord received a dispatch from Adjutant Galusha, dated Yerington, last night, stating that all was quiet there. Another message from Governor Sadler was of the same tenor. The militiamen were ordered to be in readiness to assemble at the armories when summoned. A special train, with the locomotive fired up, was kept in waiting at the depot here all night. The adjutant general will go to the front, fourteen miles beyond Yerington today. Snow in the valley is two feet deep and the temperature is down to fourteen degrees above zero. It is said that the Indian police at the reservation proved impotent to restrain their dusky brethern from going on the war path. Should the situation be found serious by Adjutant Gaulsha, the families of settlers in the valley will be sent to the towns of Yerington and Wabuska for protection. There is no wire between Yerington and Wabuska, which is thirteen miles from the latter point, and it is fourteen miles from there to the Indian camp in the mountains bordering Mason valley, making a round trip of fifty-four miles to be covered on horseback by Adjutant Galusha, as a heavy snow in the valley renders rapid transit by any other conveyance impracticable. Until his return to Wabuska from the hostile camp no reliable news will be obtainable. The number of Indians in the state is estimated at between 5,000 and 6,000—4,000 Piutes and 1,000 or more Washoes. The number on the Pyramid lake and Walker river reservations is placed at 2,600. Normally, there are about 150 Piutes in Mason valley and with those at the reservations the tribe could muster a formidable, well armed force in case of hostilities. The white population of Mason valley, outside of the towns of Yerington and Wabuska, is estimated at 300, and dispatches received state that their lives and property are in jeopardy. The Nevada guard comprises five companies of infantry and one battery of artillery. The Reno guard is equipped with a gatling gun, but the artillery company has only two antiquated smooth bore guns of fifteen pounds calibre. In an emergency 500 volunteers could be raised on the Comstock in a few hours of the right material to take the field, as many of them are old Indian fighters and still hold a grudge against the Piutes for atrocities committed in 1860, during the war, in Humboldt county.

PROBABLY NOT TRUE.

The Reported Resignation of Consul General Lee

Is Positively Denied by That Gentleman in a Telegram From Havana Handed to the Associated Press.

HAVANA, Cuba, via KEY WEST, Fla., Feb. 23.—Consul General Lee has resigned. His letter tendering his resignation under certain conditions goes by the next mail. He determined some days ago to take such a step if he were not upheld in his efforts to protect all American citizens in Cuba.

The consul general asked the state department that he be authorized to demand the release of citizens of the United States confined in Cuban prisons under the same illegal circumstances as was the ill-fated Ruiz. Such authorization has not been granted him.

Spanish warships in Cuban waters have since yesterday been concentrating in the harbor of Havana. This is regarded here as very significant in view of the important incidents of the last few days.

Great anxiety is felt at the palace and in all official circles at the news from Cienfuegos, which states that that city is the center of a serious mutiny of the Spanish troops. Large arrears of pay are due the army in Cuba and the discontent caused by this has culminated in open disobedience in the Spanish ranks in the Cienfuegos district.

The insurgents in the eastern end of the island have captured Bayamo, an important town in Santiago.

WASHINGTON, Feb. 23.—The state department today authorized the positive statement that, so far as the department was informed, Consul General Lee had not resigned and, it was added, had not threatened to resign. If any letter of resignation was going to be sent by General Lee from Havana, as published, the department was absolutely without news on the subject.

The other published sensational statements regarding war ships and like matters were denied yesterday.

HAVANA, Feb. 23.—General Fitzhugh Lee, the United States consul general here, has personally handed to the correspondent of the Associated Press in this city a written statement saying that he has not resigned, thus definitely setting at rest the contrary statements made in New York.

RISING RIVERS.

Continued Rains Send Up the Waters.

And May Cause a Greater Flood in Pennsylvania Than Has Been Seen Since 1891.

PITTSBURG, Pa., Feb. 23.—The continued rains along the Monongahela and Allegheny valleys promises to cause a flood here greater than any since 1891. At noon the marks showed twenty-six feet of water in the channel, and rising at a rate of nine inches an hour.

Dispatches from all points at the headwaters report the rivers still rising, and old rivermen predict from twenty-eight to thirty feet here by nightfall. The low lands in this city, South Pittsburg and Allegheny are already under several feet of water and the residents are moving to higher ground. All the mills along the Monongahela and Allegheny rivers have been forced to close down and the tracks of the Pittsburg and Lake Erie, Pittsburg and Western, and Pittsburg, McKeesport and Youghiogheny railroads are submerged.

At Morgantown, W. Va., the water is twenty-nine feet and rising two inches an hour. It is now within thirteen inches of the flood of last July and six feet below the great flood of 1888, when the water was the highest ever known. Cheat river is a raging torrent. It rained all last night, but it is growing colder.

At Brownsville, Pa., the guage is forty feet and rising three inches an hour. The damage already done in Pittsburg and vicinity will reach many thousands of dollars. So far no fatalities have been reported.

CHARLESTON, W. Va., Feb. 23.—The river here is forty feet and rising and all of the lower part of the city has been under water since 9 o'clock last night. Both the Kanawha and Elk rivers are rising and there is now evidence that great suffering among the lower classes will follow the receding of the waters.

CINCINNATI, Ohio, Feb. 23.—The rain has ceased and the temperature has fallen until light ice is formed. These conditions, if continued, will do much toward lessening the height of the inevitable Ohio river flood. At 9 o'clock this morning the river had reached fifty-one feet four inches and was rising at the rate of four inches an hour. If this rate continues the water will be running into the Grand Central depot by 3 o'clock this afternoon. This will cause slight inconvenience in the transfer of passengers and baggage and will also disturb freight movements, but the roads all have high ground a short distance out, where trains can be handled.

CINCINNATI, Ohio, Feb. 23.—Specials to the Times-Star show continued rising waters above the city. At Pomeroy the water is forty-five feet and rising four inches an hour. Fifty feet will bring it into the business houses. Cellars are already flooded. A great quantity of salt is in danger. Much damage by washouts has been done throughout the country. At Maysville, Ky., the river is rising six inches an hour; at Ripley, Ohio, four inches an hour.

LOUISVILLE, Ky., Feb. 23.—Special telegrams to the Times from out in the state indicate a large measure of damage to farm lands along small creeks and towns and property along the Kentucky river are threatened with serious damage, the water rising rapidly.

VERSAILLES, Ky., Feb. 23.—The R. N. I. & B. passenger train, which left here at 6 o'clock last night, did not arrive at Richmond until this morning on account of a land slide at Valley View, caused by the flood. No trains can go through until tomorrow.

CORBIN, Ky., Feb. 23.—Two-thirds of the town is under water and about fifty families have been driven from their homes. Two of the three bridges across Lynn creek are washed away and the other is badly damaged. The damage done to town property is estimated at $25,000.

CATTLESBURG, Ky., Feb. 23.—The Ohio river at this point registers fifty-two feet and six inches and is rising at the rate of three and a half inches per hour. The lower end of the town is nearly covered with water and a few inches will put the water in the Front street business houses. The Big Sandy river has reached forty feet, the highest for twenty-two years, but has begun to fall slowly.

CHATTANOOGA, Tenn., Feb 23.—The water in the Tennessee river at points above here is higher than in years. Weather Observer Pindell predicts that the river will reach forty-five feet here by Friday morning. This would cause a flood that would inundate a vast area, including parts of several business streets. The danger line is thirty-three feet. The river is now sixteen feet and rising rapidly.

MRS. HENRY WARD BEECHER

Rallies From Her Attack of Last Night.

STAMFORD, Conn., Feb. 23.—Mrs. Henry Ward Beecher has rallied from her extreme prostration of last evening, but is weak. She passed the night as comfortably as could be expected, but fails noticeably after each recurring attack.

Young Women's Christian Association.

This evening the social feature at the association house will be a Martha Washington evening. The reception and entertainment committees will be costumed as colonial ladies. Tennyson's "Dream of Fair Women" will be a portion of the evening's program. Helen of Troy will be represented by Miss Elizabeth Knight; Iona by Miss Edith Yarnelle; Rosalind by Miss Alice Crane; Eleanor by Miss Fisher; Jeptha's Daughter by Miss Hannah Chaska, and Joan of Arc by Miss June McLachlin. A very pleasant time is anticipated and we hope to have a good attendance.

THE MAJOR'S HEALTH

Does Not Improve as Rapidly as Expected.

He is Still Too Ill to Receive Callers, Though He Will Be Able to Travel Monday.

CANTON, Ohio, Feb. 23.—The instructions of the attending physician at the McKinley residence, that no one shall see the president-elect except members of his household and those who come on special invitation, are being strictly adhered to and every day dozens of people who call with the hope of seeing the incoming president, turn disappointedly from the front door. Dr. Phillips, when he called this morning, found his patient but very little better than yesterday and no more in condition to receive visitors than a week ago. It is believed the conferences he held last week and Sunday were too great a tax upon him and he is today suffering a slight relapse. The physician still maintains that there is nothing apprehensive in Major McKinley's state of health and that he will be fully able to travel to Washington next Monday. "Only absolute rest and freedom from official or other cares will leave him strong enough for the coming ceremonies. We want to inaugurate a well man on March 4 and we will do so, and there need be no fear in that direction." Among the morning callers at the McKinley home was ex-Senator Sabin, of Stillwater, Minn. He was accompanied by Hon. Snyder, of Minneapolis. Ex-Senator Sabin is a prominent figure in Minnesota politics and is considerably interested in the patronage of the state. He was in conference with Private Secretary James Boyle, to whom nearly all the callers were referred. A young woman called at the McKinley residence during the morning and wanted to see Major and Mrs. McKinley. She said she had come from Chicago for a few minutes' talk with them, and appeared greatly disappointed in not obtaining the desired interview and said she would wait a few days and then call again. A young colored man was also among the callers. He was very desirous of meeting the president-elect, but, finally realizing that it was useless to wait, drew from his pocket a package of papers. He handed the package to Secretary Cooper, telling him to hand it to "Mrs" McKinley. Mr. Cooper promised to do so and the caller left, apparently satisfied.

STATE CONVENTION.

Michigan Republicans Meet to Put Up a Ticket.

General Alger is Placed in the Chair—Talk of Honoring a Gold Democrat With a Nomination.

DETROIT, Mich., Feb. 23.—Over 1,000 delegates were present when Chairman Ferry wrapped to order the state republican convention, called to nominate a justice of the supreme court and two regents of the university. The prospects were for a short, amicable convention. It was certain that Justice Chas. D. Long would be renominated for a ten year term. The only apparent point of difference was whether it would be good policy to renominate Levi L. Barbour, a gold democrat, for regent of the university, or to nominate a straight out republican candidate. In the hotel corridor discussions some delegates contended that Barbour's renomination would win gold democratic votes, others were extremely doubtful about it.

After a congratulatory address and an exhortation to reaffirm the St. Louis platform, Chairman Ferry introduced Gen. R. A. Alger as temporary chairman. The next secretary of war was greeted with great enthusiasm. He urged Michigan republicans to set the pace and make a mark in this state election for coming elections. Michigan, said he, should show the nation that she still stands where she stood last fall and let it be known that she is always patriotic, always honest and always bound to keep her promises. The roll of congressional districts was called for the selection of committees on credentials, rules and resolutions and the convention took a recess until 1 o'clock.

A RICH TREAT.

Second Grand Concert of the Apollo Musical Society.

Choruses Finely Rendered and All Parts of the Program Excellent—A Splendid Success.

The second grand concert of the Apollo Musical society at the Temple last evening was a complete success. The audience was large and the program most excellently rendered. The choruses were finely sung, showing that this feature of the entertainment had been ably prepared under the training of Professor Miles. The numbers of the Linden quartet are especially worthy of mention, their singing being beyond criticism. Ernest Williams' cornet solo work was splendid. Miss Hedwig Schrey at the piano showed marked ability. Miss Leo Long, who is always warmly welcomed in public, was at her best last evening. Carl Weber and Frank E. Stouder, in their baritone and bass duet, excelled any similar work given in public by Fort Wayne talent. Miss Clara Zollars, the Jenny Lind of Fort Wayne, added lustre to the musical treat. Miss Zollars possesses a rare voice, which never fails to impress and charm her auditors, and last evening her work was exceptionally fine. Mr. Jamison, who has heretofore afforded much pleasure to local audiences, was heard to advantage again, and Miss Josephine Albert ably assisted on the harp.

The concert reflects great credit upon its promoters and shows that the musical talents of the city are of a high order. It is gratifying that the public is being awakened to the importance of appreciating home concerts and encouraging them by their attendance.

PAID THE FINE.

G. Scherzinger Pleads Guilty to Selling Liquor on Sunday.

Tony Snyder, of the Bankrupt Store, Arrested on Information from Marion Authorities—Police Notes.

G. Scherzinger appeared before the mayor this morning and plead guilty to the charge of selling liquor on Sunday. The mayor assessed a fine of $1 and costs, the minimum penalty. The affidavit was filed by one Thomas Woods, who was arraigned yesterday for intoxication and informed against Mr. Scherzinger, with the expectation that he would thereby be given his freedom. But he was a poor guesser. He is serving a fifteen day sentence.

TONY SNYDER'S PREDICAMENT.

Upon information from Marion, Ind., Superintendent Gordine arrested Tony Snyder, of the Bankrupt store, last evening, and locked him up. Lieutenant Long, of the Marion police force, arrived to take the prisoner in charge, but the warrant was faulty and Snyder refused to go. Habeas corpus proceedings were instituted against the authorities, but were not effective in securing Snyder's release. The papers, correctly made out, were expected to arrive today. Snyder is charged with assault and battery on a small boy. He says he can clear himself.

NOTES.

The front door of St. Paul's Lutheran church was found open by an officer at 2 o'clock this morning.

Harry Minor, for stealing a ride on a Pennsylvania train, was sent to jail for eleven days.

COLLEGE VS. Y. M. C. A.

Fort Wayne Basket Ball Team at Notre Dame Tomorrow.

The Contest Will be for the State Championship—College Boys Will Play a Return Game in This City.

The Y. M. C. A. basket ball team of this city will try and learn the signals of the Notre Dame College basket ball team, of South Bend, on Wednesday evening. The home boys fully realize they have a contract on hands that can be completed with only the very best material on hand, which fully asserts itself by the following men who will compose the team: Messrs. Kensill, Aldrich, Shepard, Cragg, Alringer, Tegtmeyer, Zurmehline, Heller and Willson. Physical Director Loveless will accompany the team and look out for the business end of the trip.

Arrangements will be made to play a return game in this city about the last of March. Notre Dame's team is considered the strongest team in the state, but was not satisfied until Fort Wayne should be given a chance, as the game to be played between these teams will settle the championship of the state for 1897, and the Fort Wayne boys are going to try hard to hold up the name of this city.

Harry Kinsie was chosen as captain. It will not be possible for him to name the five men who will play in the game until after he gets on the field of battle. The Fort Wayne men will play in black suits with the exception of center man, who will use an entire red suit. Fort Wayne, with the assistance of the Notre Dame boys, were successful in securing a very cheap rate by way of the Lake Shore, and quite a number of their friends are contemplating going with them, leaving here at 10:45, arriving at South Bend at 6:30. The game is to be played in the magnificent gymnasium of the college, beginning at 8 o'clock.

A NEW ROAD.

Judge Chapin Advances Some Valuable Suggestions.

He Points Out the Manifold Advantages to Fort Wayne of a Direct Wabash Line to Detroit.

The article in reference to a proposed Wabash road, connecting the main with the Chicago Detroit lines, which appeared in THE SENTINEL yesterday, has created a great deal of interest and is the topic of discussion in business circles today. Concerning this question Judge A. A. Chapin, of this city, writes:

"I think the suggestions in the last evening's SENTINEL relating to the possible construction by the Wabash Railroad company of a new line from the Wabash valley to Detroit very timely.

"Two routes are practicable; one from Peru to Ashley and the other from New Haven to Butler. This latter one would give a direct communication from this city to Detroit, eighteen miles shorter than any other line now constructed, or that can be constructed, and in event of its being built, Fort Wayne would be the terminal of the division, thus adding to the local railroad business and opening a new trade territory for our city.

"To the Wabash company the advantages of the New Haven route are almost beyond controversy. The distance from Peru to Detroit by the Ashley line would be 196 miles, by the New Haven line 193 miles, a difference of only two miles, which would be more than compensated by the favorable grade, for a line from Peru to Ashley must cross the broken highlands in the southwest part of Noble county, which are the water sheds of streams descending to the Wabash river, to Lake Michigan and to Lake Erie. The line from Peru to Ashley will be seventy-five miles in length, and from New Haven to Butler twenty-two miles, a saving in distance of new road to be constructed of fifty-three miles and a saving in cost, considering the heavy grades of the Ashley route and cost of right of way, of probably $1,000,000.

"The abandonment of the present Eel River line, unless the New Haven line is adopted, means a practical abandonment of the company's present line from Butler to Montpelier, for without a Butler connection it would not pay to run one train a day over the line.

"The additional remunerative local business secured by the Ashley line would be inconsiderable, as it would intersect the great trunk lines of the Chicago and Erie, the Nickel Plate, the Pennsylvania, the Baltimore and Ohio and the Lake Shore, all of which, except the Chicago and Erie, have Detroit connections.

"While these advantages are so manifest, it is nevertheless true that a presentation of them to President Ashley would be of great benefit.

"It ought to be the aim of this city to add to our railroad facilities, and at this, the beginning of a probable era of railroad construction, why would it not be a good plan for our board of trade, if we have such a body, to take some action before it is too late?

"A. A. CHAPIN."

CALLED HIGHER.

Mrs. Maria French Answers the Summons of Her Master.

Was a Native of Fort Wayne and Lived Here Almost All of Her Life—Other Deaths and Funerals.

Mrs. Maria C. French, who lived in Fort Wayne nearly all of her life, died yesterday afternoon at the home of her daughter at Sewickley, Pa. The remains will be brought to this city for interment.

She was born here February 12, 1833, and resided here continuously until about two years ago, when she went to live with her daughter, Mrs. John N. White, at Sewickley. She was the daughter of the late Henry Rudisill, a pioneer citizen, and one of the founders of the city. The family was one of the most prominent in northern Indiana in early years, and its members have always been prominent in the commercial history of the city.

On March 4, 1854, she was married to R. Morgan French, at that time and for many years subsequently a leading business man, and at one time part owner of a large woolen mill on East Superior street. To this union were born four children, who survive. They are Lieutenant Frank French, of the United States army; Mrs. George L. Potter and Miss Martha French, of this city, and Mrs. John N. White, of Sewickley, Pa., with whom she made her home for some time previous to her fatal illness. Her husband died several years ago, and since that time she had made her home with her children. She leaves four sisters: Mrs. Julia R. Freeman, Mrs. Mary Sturgis, Miss Eliza Rudisill, of Fort Wayne, and Mrs. Warren H. Withers, of Maine. One brother, Henry J. Rudisill, lives at Los Angeles, Cal.

Deceased was a member of the First Presbyterian church. She possessed a kind disposition, a noble character and her life was spent in doing good. Her death will be sincerely mourned.

W. H. Myers, a former resident of Fort Wayne, died last Saturday at Michigan City of heart trouble. He was a contractor and was engaged in superintending some work when death overtook him. Mr. Myers has lived at Hillsdale, Mich., for sixteen years, but previous to that time he had lived here many years. He was a prominent builder and lived on Fairfield avenue. He leaves a widow, two daughters, both married, and one son, E. F. Myers, who resides at Angola, Ind. The remains were buried at Hillsdale yesterday.

Mrs. Christian Miller died at her home, near Sheldon, yesterday morning, at the age of eighty years. Death was due to a complication of diseases. She was one of the oldest settlers in the county. Five sons and two daughters survive her. The funeral will take place Wednesday morning at 10 o'clock from St. Aloysius Catholic church.

The funeral of Mrs. Maria French will occur Thursday afternoon, at 2:30 o'clock, from the residence of Geo. L. Potter.

A number of friends of the late Thomas Gorman, of Arcola, went to that place today to attend the funeral.

The remains of Mrs. Elizabeth Umstead were taken to Roanoke for burial today.

The funeral of Frank Sonielsky will take place Thursday morning from St. Paul's Catholic church. The deceased was twenty years of age and made his home with his sister, at the corner of St. Mary's avenue and Lake street.

The funeral of P. G. Ayers, which took place from the residence, on South Wayne avenue, this afternoon, was largely attended. The obsequies were conducted under the auspices of Harmony lodge, No. 19, I. O. O. F., of which Mr Ayers was a member.

A COW IN THE CASE.

Suit Against the Nickel Plate on Trial in Court.

Fined for Striking a Woman—Divorce Granted in the Jackson Case—Other Court News.

The case of Jeremiah Doyle, administrator, against the Nickel Plate railroad for damages, for the killing of a cow, which was run over by a locomotive of the company, is on trial to a jury in the circuit court. Will M. and Ben F. Ninde are attorneys for the plaintiff and Sam L. Morris for the defendant.

George Waltke has brought suit in the circuit court to secure a divorce from Elmira Waltke. Chester Holder is the attorney for the plaintiff.

Justice Bullerman fined Joseph Novitski $5 and costs for striking Ida Miller, who claimed to be his sweetheart. Ida protested against his going with another girl. The justice suspended the judgment during the good behavior of the defendant. Mr. Barnard Novitsky, who conducts a shoe store at 174 Calhoun street, requests THE SENTINEL to say that he is not the defendant in the above case. He makes this statement to avoid a misapprehension in the minds of some persons.

Judge Dawson has granted Thomas Jackson a divorce from Mary Jackson, in the superior court.

William H. Farner and Kate M. Merkle have been licensed to wed.

George L. Clayton, traveling salesman for Moellering & Millard, while running to catch a car near the corner of Fairfield and Creighton avenues, this morning, stumbled and fell heavily to the ground. He was pitched forward with such force that his left hand was sprained and the flesh torn from the ends of his two fingers. Mr. Clayton will be incapacitated for duty for a week or more.

POVERTY AT HOME.

Hoosiers Without the Necessities of Life.

Sad Destitution in the Capital of the State—Men, Women and Children Starving.

INDIANAPOLIS, Feb. 23.—Four hundred men employed on public work at the court house grounds struck today for a second time. They claimed that the contractor has violated the agreement in not employing enough shovelers to enable the teamsters to get their wagons filled quickly. The teamsters are paid by the load and through the present arrangements are not able to earn over $1.50 per day. Work is at a standstill and an ugly feeling prevails. The workingmen have repaired to their hall, where forty men stood up, saying they had had no breakfast for themselves and families and that their children were all but starving. One man among the shovelers fell, it was claimed, from weakness, brought by a lack of food. A supply of food was sent him, but others pounced upon it and devoured it. Charitable associations, in making systematic efforts to relieve the wants of the poor, had sent men to the court house to work for food, and the men who were already there, working for money, objected to this and contributed to the strike and hard feelings.

WILL BUILD IT.

South Wayne Will Have a Big Sewer Next Year.

Board of Works Discusses the Matter of South Wayne Drainage and Come to a Decision.

The question of a sewer in South Wayne has long agitated the minds of the residents of that district, those in favor of it losing no opportunity to present the matter before the municipal authorities, and those against it being equally as industrious in fighting it. The majority of property owners of South Wayne want the sewer, the health authorities say that it is badly needed, and no light pressure has been brought to bear upon the board to induce them to take some action. Mr. Eggemann, of the board of works, said to a SENTINEL reporter this morning:

"I am prepared to say for the board that South Wayne will have a sewer and the work will be commenced in the spring of next year. The sewer will probably be six feet in diameter, and will run east and west from Shawnee Run, emptying into the St. Mary's river. Its probable cost will be $150,000."

This will be assuring news to the hundreds of South Wayne citizens who have been anxiously awaiting for some sign of certainty that they will have drainage and an abatement of the Shawnee Run nuisance.

THE REAL THING.

Sudden Death of One of the Bloodhounds of the Elks' Uncle Tom's Cabin Co.

Owing to the sudden death of one of the bloodhounds of the Elks' Uncle Tom's Cabin Co. the management have been compelled to make a change in the cast, and have without much trouble secured George Ohneck, the ex-comedian, to appear on condition that he be permitted to produce one of his famous Washington township specialties. Parties having purchased tickets on the strength of his non-appearance this season can have their money refunded at the box office. The sale of seats today was the largest ever known. There are still plenty of good seats to be had for those wishing to pass a miserable evening with several bad singers and actors.

We wish to announce to the public that we have secured nineteen Gold Medals at various World's Pure Food shows all over the world. That ours is always the finest. No matter what other manufacturers are offering, do not be deceived but buy the best, Kneipp Malt Coffee, being a malt preparation which is a stomach food of all foods.

Kneipp Malt Coffee is a great boon to invalids, nursing mothers, and children who require a nutritious and strengthening food for their system. It supplies nourishment to the nerves and blood, and by its daily use the whole system is benefited, as it produces a healthy action of all organs, resulting in clear complexion, rosy cheeks, bright eyes, strong and robust appearance, and a healthy condition in general. The Kneipp malt coffee is especially recommended to all sufferers from indigestion, dyspepsia, nervousness, insomnia, stomach and bowel troubles. Ex-President Harrison is going to follow in the footsteps of President Cleveland. The new baby's name will be "Ruth."

At the meeting of the city council tonight Mayor Scherer will probably announce the name of the man to succeed Robert J. Fisher as councilman-at-large.

Secretary Wheeler, who is in charge of the arrangements for the Corbett-Fitzsimmons fight says he has letters from all over the United States urging the management to allow women to witness the big pugilistic event. They must be the sort of women who are described as "being of questionable repute."

The New York legislature has unanimously passed a bill to make wrecking of railway trains punishable the same as murder. Every state in the union ought to have a similar enactment.

Utah's proposition to place a statue of Brigham Young in the capitol at Washington should be amended to include his entire family and then the bill as amended should be laid in the congressional waste basket and allowed to remain there for 999 years.

There will be no Jeffersonian simplicity at the inauguration of McKinley. Without doubt the parade, ball and the rest of it will be, as Gen. Horace Porter promises, one of the grandest spectacles ever witnessed in America. Jefferson was inaugurated without any pomp, yet he not only ruled the nation well but added half a continent to its domain.

In the year 1801 only 20,520,000 of the world's people spoke the English language. Today more than 125,000,000 people use the English tongue. In 1801 the English tongue stood fifth among the people using the European languages. Today it stands first. In 1801 the per centage of the whole using English was 12.7; in 1890 it was 27.7, a relative increase of 225 per cent., while the per cent. of all the other European languages declined, except the German alone, which remained the same. The French declined from 19.4 in 1801 to 12.7 in 1890, and the Spanish from 10.2 in 1801 to 10.7 in 1890.

The police department of Taunton, Mass., is trying a novel experiment to decrease drunkenness in that place. The name of every person arrested and convicted of the offense in question is to be sent to each licensed liquor dealer in the city, with a warning that if liquor is sold to any of them within six months after the receipt of their names the person so doing will be liable to a fine.

The city's breathing spots—our parks—are nicely described elsewhere in The Sentinel today by an Indianapolis newspaper man. Robison park, one of the largest and most attractive, is being improved and beautified, and will attract many people to the city this summer from other places. It gives pleasure and recreation to people during the hot summer days, and has been the means of starting excursions into the city rather than out of it to other summer resorts.

The Lecture of General Gordon.

In the presence of men who were battle-scarred while fighting for the Union cause, and men and women whose hearts were with the boys in blue during the war of the rebellion, General John B. Gordon, who was a Confederate leader in that memorable sanguinary and protracted struggle, stood on the platform at Library hall last night and for two hours held his large audience interested, yes, spell-bound, listeners as he lectured on the theme, "The Last Days of the Confederacy."

It was a lecture that was characterized with burning, eloquent, patriotic words from beginning to end and seldom, if ever, has a Fort audience heard its equal or felt more forcibly the electrical effects of the words and the well rounded periods of a speaker, and this was evidenced by the repeated and spontaneous applause which greeted his utterances as he portrayed in a charming manner the thrilling incidents of the war in which he and many of his hearers had borne so heroic and prominent a part.

It was a story of a drama in real life in which the heroes of both the north and the south were fittingly eulogized. The heroic bravery of the boys in blue and the undaunted courage of the men who wore the gray, the self sacrifices and devotion of the southern women and the patriotism of the women of the north, the incidents of camp life and march and the carnage and suffering on the field of battle were told, and the audience, forgetting that there was a north or a south, and burying the prejudices which the civil war had for a time engendered, followed him attentively and approvingly and felt without doubt that he was just and generous in the tributes which he paid and the narrations of the bloody conflicts which had been so heroically fought by the conquerors and the conquered. It was a great address, great for its abundant human nature, for its grand devotion to the flag and the reunited union, for its broad patriotism, its exquisite humor, the faithful portrayal of great leaders of both armies, its pathetic delineation of thrilling incidents, and the eloquence of the description of the closing scene at Appomattox.

In appearance General Gordon is every inch a soldier both in bearing and sentiment, and a deep scar on his left cheek near the eye adds to the atmosphere of chivalry that surrounds him. He is an orator in the fullest sense of the word. He possesses a voice at once clear and ringing, and rising at times during his lecture to the most intense dramatic heights. He was fair and unprejudiced in his lecture in his judgment of men and events. Every sentence was wreathed in the olive branch of peace and every thought was tempered with magnanimity to the foes he had fought. It was a lecture that will cement the north and the south more closely together and aid to wipe out any of the prejudices that may linger as a result of the war which was fought more than a third of a century ago.

An informal reception was held on the stage at the close of the lecture and many persons shook hands with General Gordon, most of them being Union soldiers of the late war, and, although a rebel veteran, one who had opposed the cause for which they had fought, they gave him a cordial greeting and many warm praises for the words of patriotism which he had spoken. The bitterness and animosity of the war were forgotten and all were comrades together. There was "no waving of the bloody shirt." All were for the Union, the American flag and the perpetuity of the greatest and best government on the face of the earth. This was as it should be.

SCRATCH AND SCREAM

My baby broke out with a rash. He would scratch and scream. It would take two to hold him, and one to put medicine on him. We had to tie his hands [illegible] We had to get him quieted down. All said that they never saw such a sore body on any baby as on him. I had to tie his hands night and day, for five months. My sister had used CUTICURA, and I began to use it. After only one application, he lay down and slept as he had not for a month, poor little fellow. He has not a scar on him now, and is as fair and fat as can be. While he had this disease I had to cut the sleeves out of his clothes, and put inside underwear on him to keep him [illegible] I had to keep pieces of soft cloth around his neck. It was so wet with moisture from the sores that I had to change the cloths sometimes ten or twelve times a day. MRS. M. A. HAYNES, [illegible]

PARKS OF OUR CITY.

Pencil Picture of Fort Wayne's Breathing Spots

As Seen Through the Goggles of and Described by an Indianapolis Newspaper Man.

In the last half dozen years Fort Wayne has awakened to the fact that public parks are not only ornamental, but are also a public necessity. All of the parks, with the exception of Robison park, are so near at hand that the city has already been built up to them, and in some cases completely around them. In speaking of these breathing spots, the Indianapolis News, whose representative recently visited here, has the following interesting description:

The plan adopted when attention was first forcibly directed to parks was to secure at once all the land that would be needed for park purposes for many years to come, and to develop and improve these grounds yearly by an appropriation that would not be burdensome, while it afforded opportunity for rapid development. So, while the people's breathing places in the city are not fully complete, the parks have already assumed the appearance that justifies the largest expectations.

The oldest park in the city is known as "Old Fort" park. It is a triangular piece of ground overlooking the conjunction of the St. Mary's and St. Joseph's rivers, which form the Maumee, and it is the site of the fort erected by Gen. "Mad Anthony" Wayne early in this century. A flagstaff and mounted call the attention of the passer-by to the historic event which have made this ground famous. At the edge of the park is the old well which was situated inside of the block house as a resource in time of seige. The park is well kept and numerous flower beds and a fountain add to its beauty.

The largest of Fort Wayne's beauty spots is Swinney park, situated on the west side of the city, and bounded on the west and north by St. Mary's river. It covers an area of about fifty acres, and was bequeathed to the city for park purposes by Col. Thomas W. Swinney. It came into possession of the city four years ago, and since that time marked improvements have been made. This park was formerly the Allen county fair grounds.

In 1894 J. H. Lindroath, of Chicago, a noted landscape gardner, prepared plans for the improvement of the park, but it will be several years more before they can be fully carried out. The northern portion of Swinney park is almost surrounded by water, and contains a dense cluster of large natural growth trees. The plans provide for an artificial lake, which is in process of construction. The excellent driveways and walks, many shaded spots provided with seats, the river banks, with their changes of scenery, serve to form attraction to thousands of people during the hot summer months. There is a large pavilion for the use of picnic parties.

Next in size is the North Side park. It has over thirty acres and is located north of the St. Mary's river and west of Spy Run avenue. At the east entrance is located a monument, erected in memory of the soldiers of Allen county. The Union Veteran Legion is now mounting several cannon about the monument. All green-houses belonging to the city are located in this park, and plants used in ornamenting all public places are grown there. There are four green-houses, 20x75 feet, with water-heating apparatus, besides a large building used as a tool-house and a number of hot beds.

Sixteen thousand plants were set out in the various parks last year and there are 40,000 now on hand for spring planting. An additional green house will be built this spring. A Spy Run creek, so named from the fact that three spies were hung along its course in pioneer days, runs through the North Side park, and adds greatly to its beauty. A large number of shade trees and a rustic fountain have been placed in this park.

McCulloch park, so-called from the fact that the ground was donated by Hon. Hugh McCulloch, secretary of the treasury under Abraham Lincoln, is situated in the southwestern portion of the city, on Broadway, and covering an area of four acres. A part of the park was formerly the burying ground of the Miami Indians. Here there are many clusters of splendid oak trees and a fountain with many unique and beautiful electrical effects.

Reservoir park, on the south side, has an extent of thirteen acres. Part of the eastern portion of it is covered by the city water works reservoir. It is the highest point in the city, and from the summit of the reservior a complete view of the surrounding country may be had. The reservoir is sodded and terraced. Nearly all the western portion of the park is taken up by an artificially constructed lake, the water being supplied from the reservoir. During the winter months this lake affords the finest skating, and is flooded and otherwise kept in condition by the municipal authorities. An island in the middle of the lake covered with shade trees and made accessible by a rustic bridge is an attraction for picnic parties during the summer months.

The only park on the east side is one of the smallest, but one of the most beautiful and attractive in the city. The ground was acquired by purchase from Senator F. J. Hayden and is known as Haydon park. There is a large fountain in the middle of Haydon park, with well graveled walks leading to it through clusters of maple trees, and during the summer months special attention is given to flower beds, shrubbery and plants.

This completes the public parks of Fort Wayne, but the description would be incomplete without some reference to Robison park. This is situated six miles from the city, on the St. Joseph river, and comprises four hundred acres of rolling forest land. The Fort Wayne electric street railway company has recently built a double track line and made improvements costing several hundred thousand dollars at this park. The tracks are built on the towpath and run for six miles between the river and the old feeder canal, making a most beautiful approach. A large pavilion, boat houses, a Dutch windmill, a commodious restaurant, and numerous other buildings, combined with the natural beauties of the place, make Robison park one of the most handsome of its kind. During the summer months cars run to the park every five minutes, carrying thousands of excursionists, and the railroads run special excursions for those who wish to visit the spot. Robison park was completed only last year and has already acquired an enviable reputation in this and surrounding states.

BLONDIN IS DEAD.

Most Daring of Rope Walkers Passes Away.

The Man Who Accomplished Such Startling Feats at Niagara Crosses the River of Death.

London, Feb. 23.—Blondin, the famous rope walker, is dead. He was seventy-two years old. His death occurred in this city. Blondin began to walk along a rope when he was only four years old, and at the age of eight he gave a special exhibition before the king of Italy at Turin. Last Christmas, although seventy-two years of age, he performed on a high rope at Agricultural hall, Islington, England. He went through much the same performance as that which startled the public at the Crystal Palace about thirty years ago.

Blondin, whose real name was Jean Francois Gravelet, was born at Heslin, near Calais, February 2, 1824. His father—whose nickname, "Blondin," from the color of the hair, was descended to his son—was a soldier of the first French empire, who had seen service under Napoleon at Austerlitz, Wagram and Moscow.

The greatest feats of Blondin and the ones which gave him his worldwide reputation was walking over the Niagara Falls on a tight rope stretched across the river in 1855.

He crossed for the first time on June 30, in the presence of what was said to be a concourse of upward of 50,000 people. On the Fourth of July he crossed again, his body enveloped in a heavy sack of blankets; with his eyes thus blindfolded his step was as steady as if he saw. In the middle of the month he crossed, wheeling a wheelbarrow, and on August 5, in crossing he turned somersaults and performed various gymnastic feats on the rope. He crossed with a man on his back on August 19, and on August 27 as a Siberian exile in shackles. On September 2 he crossed at night, and stood on his head amid a blaze of fireworks.

His last performance at the falls was on September 14, 1860. At this time he crossed with a man on his back, traversed the rope in a sack and blindfolded, and even went across on stilts. In traversing the rope with a man on his back the time occupied was forty-five minutes; he set the man down while he rested six times on the rope. After his triumphs at Niagara, Blondin made more than 4,000 ascents in all parts of the world without the slightest accident.

INDIANA'S LEGISLATURE.

Important Bills Passed by Our State Solons.

Indianapolis, Ind., Feb. 23.—The house passed the senate bill extending the terms of township trustees and assessors fifteen months. Hart's house bill reducing the terms of city officers from four to two years, thus repealing the McHugh law, was passed. Also, Shively's senate bill giving water works companies the right to cross private property.

The house passed the building and loan bill providing for an inspection of associations by the state auditor, and the senate, in deference to the demands of the laboring interests of this city, rushed through a bill calling for three cent fares on the street railways of this city.

The child labor bill, prohibiting the employment of children in factories and the appointment of a state factory inspector, also passed. The legislative apportionment bill was also passed by a strict party vote.

News Which is Good News to Women.

It is a fact that women who suffer from female complaints, and are consequently weak, tired, nervous, dragged-out and full of pains and aches, do not have the same opportunity to be cured as do the residents of the great cities, where the most successful specialists in female diseases reside. Dr. Greene, of 35 West 14th St., New York city, who has the largest practice in the world and who is without doubt the most successful specialist in curing female complaints, offers to give free consultation by mail to all women suffering from these distressing weaknesses, discharges, pains and irregularities. Write at once and we promise Dr. Greene will cure you.

Ellis Searles, who now swings the editorial pencil on the Huntington Daily News, had the following locals concerning Fort Wayne people in his paper yesterday: "Henry, Theodore and Fred Lepper and Mrs. Maggie Myers and daughter, who attended the Alschwede funeral, returned home to Fort Wayne this morning.—H. A. Baker, of Fort Wayne, a former switchman in the Chicago and Erie yards here, is in the city circulating among his old friends.—Andrew Stickler, the 'one and only' insurance man of Fort Wayne, came down to see a special friend in this city yesterday."

NERVES ALL ON EDGE!

"So Nervous it Seems You Would Fly to Pieces."

You Are Weak, Tired Out, Discouraged. You are losing Health and Strength.

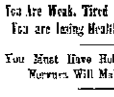
You Must Have Help. Dr. Greene's Nervura Will Make You Well.

How nervous you are! Your nerves are unstrung and seem all on edge. The sudden, shrill singing of a bird, or the slightest unusual sound sets your nerves quivering and you feel as if you would fly to pieces.

Or perhaps you have attacks of nervous weakness, faint feelings, with sense of extreme weariness and prostration. Possibly your heart palpitates, your limbs tremble and you feel a sinking, with sense of anxiety or foreboding. Your nerves are weak and unstrung and the vitality of your blood is low. That is why you do not sleep well nights and wake mornings feeling so tired and dragged out, why you have no appetite for breakfast and are without energy and ambition. You need the right spring medicine—Dr. Greene's Nervura blood and nerve remedy.

Mrs. D. O. Farnald of Manchester, N. H., writes:—"I have used several bottles of Dr. Greene's Nervura blood and nerve remedy for nervousness. Loss of sleep and appetite were the principal troubles caused by my condition. The ringing of a bell or any sudden sound, no matter if trifling, would cause me to start and it would greatly affect my nerves. I took Dr. Greene's Nervura blood and nerve remedy and I could sleep beautifully and my appetite has returned. I feel so much better that I have now stopped taking the Nervura."

Use this grand remedy. It will cure you. Dr. Greene's Cathartic Pills, are the perfect pills for biliousness and constipation. Dr. Greene, 35 West 14th St., New York City, the most successful physician in curing diseases, can be consulted free, personally or by letter.



ENOUGH PLAYERS.

Fort Wayne Club Will Not Suffer for Players.

Contracts Now Filled for Sixteen Men—Indianapolis Wants to Farm Players to Our Club.

William Meyer said today that Fort Wayne will not suffer for players. Sixteen men are already signed and there is plenty of others willing to be signed. Mr. Watson, of the Indianapolis club, has a number of choice players available for farming and he suggests that Fort Wayne take some of them. This may be done upon the return of Manager Cooke in this city in a few days.

According to the new playing rules the captains must remain in their positions while airing grievances with the umpires.

Owner and Manager Delaplaine, of last season's Wheeling club, is up in arms over the action of the Interstate league in awarding the Wheeling franchise to Coyle, and says he will have a team in a strong league, with Wheeling as one of its members. What protected league can Delaplaine enter?

Manager Torreyson, of the Youngstown club, secured a prize when he signed Scott Hardesty and Dick Weand, both being cracker jack players. Hardesty will be played at second base, as he is considered one of the coming second basemen in the country. His average is .260 with the stick. Weand, of Pottstown, is a catcher, and it is claimed that he is far above any in his position. He was farmed by the Philadelphia club to the Athletics, and made an excellent showing while with the Pennsylvania and Atlantic league.

MIGHT HAVE SAVED IT.

Ex-County Treasurer Cox, of Terre Haute, Explains a Shortage.

Terre Haute, Ind., Feb. 23.—Ex-County Treasurer James Cox says he need not have paid the $1,700 into the treasury a few months ago, when experts said the books showed that he took that amount of money with him when he went out of office to which he was not entitled.

He says an examination of the books in the office of the state auditor shows that his final settlement with the county when he left the office twelve years ago was correct and he wants the county commissioners to refund the $1,700. At the time he paid in the $1,700 another ex-treasurer, Gus Conzman, put in a claim for nearly $30,000, which it was said had just been discovered as due to him.

These two instances have been used at Indianapolis while the proposed law for a new style of bookkeeping in county offices has been under consideration as illustrating the unreliability of the present system.

There is nothing just as good as Dr. King's New Discovery for consumption, coughs and colds, so demand it and do not permit the dealer to sell you some substitute. He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For coughs, colds, consumption and for all affections of throat, chest and lungs, there is nothing so good as is Dr. King's New Discovery. Trial bottle free at Dreier Bros.' drug store. Regular size 50 cents and $1.00.

A CRY OF WARNING.

"I suffered for years and years with womb and kidney trouble in their worst forms.

"I had terrible pains in my abdomen and back; could hardly drag myself around; had the 'blues' all the time, was cross to every one; but Lydia E. Pinkham's Vegetable Compound has entirely cured me of all my pains.

"I cannot praise it enough, and cry aloud to all women that their suffering is unnecessary; go to your druggist and get a bottle that you may try it anyway. You owe this chance of recovery to yourself."—Mrs. J. Stan-ard, 2219 Amber St., Kensington, Phila., Pa.

The Number of Visitors to the Beautiful Sunshiney Southland is Increasing.

Owing to the warm, but still bracing atmosphere of the Southern States the tourists and pleasure seekers of the North are fast learning that the delightful winter resorts on the Gulf Coast in Mississipi, Alabama and Florida, are the only places to spend the cold and bleak winter months.

In order to afford everybody an opportunity to visit these popular resorts,

THE MOBILE AND OHIO RAILROAD,

which is the favorite North and South Short Line, has placed on sale at all points North of the Ohio river, tickets at low rates for its patrons, to all "Winter Tourist" points in the South.

Tickets will be on sale daily until April 30th, 1897, and will be limited to June 1st, 1897, and passengers will be allowed to stop over at points south of the Ohio river.

Any information desired regarding rates, tickets, time tables and general information will be furnished on application to any Railroad ticket agent, or to W. B. Rowland, General Agent, 215 N. Isn't it a pity that so many women go through life as nervous, fretful invalids, always in a sick-bed or on the verge of it. They are to be sincerely pitied for the great majority have in them the making of healthy, amiable, capable wives and mothers. These cases become sadder still when it is realized that the sufferings they endure are unnecessary. Any woman can be healthy and amiable and helpful if she will take care of the health of those delicate organs that are essentially feminine.

The greatest known medicine for women is Dr. Pierce's Favorite Prescription. It cures all weakness and disease of the organs that make wifehood and motherhood possible. It allays inflammation, soothes pain, and restores calm and strength to the shattered nerves. It prepares for wifehood and maternity. Over 90,000 women have testified to its virtues. Druggists sell it.

"I commenced using your medicine three days after my child was born," writes Mrs. A. J. Bryant, of Wilbraham, Hampden Co., Mass. (care of Wesleyan Academy). "It was the fourth one, and I never got up so strong and well. I can do all my own work. I have recommended my friends to try the 'Favorite Prescription.'"

If somebody was offering to give away gold mines for the asking what a scrambling there would be! When a mine of health is offered there is some lively scrambling too. Over 680,000 people hurried to get Doctor Pierce's Common Sense Medical Adviser at $1.50 per copy. It has 1,008 pages with over 300 illustrations. Something over 90 of these pages relate to diseases peculiar to women. This book may now be had free. Send 21 one-cent stamps, to World's Dispensary Medical Association, Buffalo, N. Y., the cost of mailing only, and get the book in paper covers; or, send 31 cents for cloth binding.

RAIL AND SHOP.

Last Week's Traffic in Steel Rails Involved $20,000,000.

Accidents, Incidents and Personal Mention Concerning the Men Who Work for Their Daily Bread.

Concerning the activity in the steel rail trade, the Iron Trade Review of last Saturday says: "The steel rail war was brief and fierce and the execution was quite all that could be desired. Prices were cut deeply enough to satisfy buyers that there was nothing left for them but to buy all their needs required within the limit of their credit. It is safe to say that nearly $20,000,000 worth of rail business is on the books of the members of the late pool today, nearly all of it taken in five days of last week. If we count 275,000 tons of Pittsburg sales in addition to 100,000 tons of foreign orders and 100,000 tons of rails optioned to home roads, and to this add 25,000 taken by Illinois and 200,000 to 250,000 sold by eastern mills, we shall have a total of 1,075,000 tons. Of this total an amount more than equivalent to all the rail business of 1896 was taken after the declaration of war, on the 9th inst. There is no trace as yet and no signs that one will be patched up. The Pittsburg mills are practically booked for one year, the western company for two-thirds to three-fourths of the year, while eastern mills have all they can handle for some months. With mills busy on rails, billet production will be contracted and prices may be expected to work toward a paying basis."

BRIEF MENTIONS.

The electric works this morning sent an 1,000-light alternating dynamo to Westfield, Mass.

J. H. Johnson, of the Pittsburg machine shop, is kept from his work by the illness of his wife.

Engineer T. E. Short and Fireman W. Kohlbacher, of the Nickel Plate are on the sick list.

Fireman D. Vreeland, of the Nickel Plate, has gone to Detroit to spend a ten days' vacation.

E. M. Biggs, of New York, is here measuring the Pennsylvania trainmen for their summer suits.

C. T. Shoup and Henry Kraft, of the Wabash machine shops, are sick, the latter with the mumps.

After an illness of five weeks, Fred Lindeman has returned to his duties in the Pittsburg round house.

E. O. Poole has resumed charge of the tool and store room at the Wabash shops after an attack of the grip.

Engine No. 377, which was damaged in the wreck at Monroeville yesterday, has gone into the shops for repairs.

E. McLaughlin, of the Pittsburg blacksmith shop, has resumed his place at the forge after a week's sojourn in Chicago.

Joseph Carry has recovered from an attack of neuralgia and today finds him at his usual place in the Pittsburg blacksmith shop.

W. H. Spice, chief train dispatcher of the New York Central, has resigned and accepted the position of train dispatcher on the Mohawk and Malone, at an increased salary.

Conductor Kitzmiller has been transferred from the third to the fourth district on the Nickel Plate.

Conductor J. F. Long, of the Nickel Plate, has taken a few days' leave of absence to attend to some private business.

The new Carnegie road has several hundred cars building of 100,000 pounds capacity, constructed entirely of iron and steel.

Nickel Plate Brakemen Marshall and Sparl have reported for duty after a few days' absence on account of private business.

Johnny Dalton has recovered from an illness which kept him from his desk in the electric light offices for several days.

Foreman T. J. Rodabaugh, of the Pittsburg paint shop, is walking nowadays, having sent his fine driving mare to the country.

Joseph Doehl, caller at the Nickel Plate yard office, is off duty on account of the serious condition of his uncle, who has been very sick.

The Wabash yards in this city will receive some additional tracks. The cross ties for the same have arrived and the work will soon begin.

George Graham, the painter, has returned from Galion, Ohio, where he went a week ago to see his sister, who is very ill. The lady is recovering.

M. H. Morrison, who was taking a few days off duty to entertain his brother from Nebraska, has taken his place in the Pittsburg blacksmith shop.

The machinists' union will decide several important questions at the meeting tomorrow evening and it is important that the attendance at the hall be large.

Theodore Kress, a tinner in the Pittsburg shops, is disabled by a sore finger. F. J. Rush, of the same shop, has recovered from an illness which kept him from work a few days.

W. G. Taber, master mechanic of the Dunkirk, Allegheny Valley and Pittsburg, died at Dunkirk very suddenly on Friday. He was a prominent Knights Templar. The evening before he returned home in his usual health, and at 6 o'clock the next morning expired. He was for many years an engineer on the eastern division of the Pittsburg, Fort Wayne and Chicago.

Master Mechanic B. Fitzpatrick and Chief Car Inspector W. W. Todd, of the Pittsburg, were looking after some business for the company down in the vicinity of Lima today.

General Roadmaster A. B. Adams, Bridge Superintendent W. S. Dates and Division Roadmaster R. A. Houghton, of the Wabash, were in the city over night, leaving this morning on the pay car train for the west.

Nickel Plate engines 35 and 37, which had been running on the third district, between this city and Bellevue, have been transferred to the second district and are now running between Bellevue and Conneaut.

Unless railroad matters take a turn for the worse, work will be begun on the new shops of the Peoria and Eastern at Urbana next month. The plans are ready and much of the material now on the ground.

Henry G. Olds is putting in some machinery at his factory with a view of engaging more extensively in the manufacture of bicycle supplies. He has been making only rims, but will soon make handles and mud guards.

George Waldschmidt, one of the veterans at the Pittsburg shops, is suffering with rheumatism and is unable to attend to his shop duties. Louis Smith, another veteran in the same shop, is afflicted with an immense carbuncle and is also off duty.

Through a typographical error, THE SENTINEL yesterday made it appear that Barney Rhodes had been injured by a fall, when in fact it was Barney Roth who was hurt. The unfortunate man is a watchman at the Bass works. His injuries are not serious.

William Kirby, railroad commissioner of Ohio, speaks hopefully of the prospect for traffic with Ohio lines. He says that each day of the last three weeks has shown an increase in business with most roads of that state.

The Wheeling and Lake Erie employes are feeling much better that they have received their wages which were considerably in arrears, and they are now to receive them more regularly under the receiver. In the one item, wages, the company was behind $140,000.

Captain J. C. Konsill, of the Pittsburg shops, and his estimable wife celebrated the thirty-seventh anniversary of their marriage yesterday. They received a number of presents from their children. In the evening they went to the Library hall to hear General Gordon.

In the trunk lines west-bound freight agreement the Baltimore and Ohio is alloted 7.4 per cent. of the business, but its actual tonnage for two months past has been 9.5. Officials of the road, however, deny any irregularities having been practiced to secure this business.

Professor Smart, of Purdue university, a few evenings ago, delivered an address before the Manual Training School of Chicago, which is very highly spoken of. His subject was the development of locomotive construction, which at different stages was illustrated by seventy stereopticon views.

Charles Martin, who sued the Toledo, Peoria and Western for $50,000 on Friday, compromised with the company for $2,250. While he was making the compromise his lawyers were in Gillman, Ill., taking depositions on which they expected to recover $50,000 damages for injuries received in a wreck.

Ed Brown, of the Bass blacksmith shop, is laid up with a lame hand. Yesterday he was engaged in dressing up a grindstone when the tool he was doing the work with caught in some manner and flew around, striking the back of his left hand with great force. Luckily no bones were broken, but the hand is badly bruised.

Russell Sage is said to be behind a movement to build a road to tap the Boston and Albany at Springfield, forming a connection with the Poughkeepsie line and furnishing a new line for western traffic into Massachusetts. The hearing before the legislative committee of Massachusetts on the petition to extend the Berkshire and Hudson River road develops this important project.

D. F. Jennings, who has been appointed general manager of the Nickel Plate fast freight line, was born in New Albany, Ind., in 1852. He entered railroad service on the Louisville, New Albany and Chicago, February 18, 1873. Later he was assistant general manager of the Great Eastern line, then he went with the Chicago and Grand Trunk, and from there to the T. St. L. and K. C.

Conductor Cliff Ellenwood, who fell off a street car a few days ago and was injured, was able to appear on the streets today. One of his knees is quite lame yet, but otherwise he is all right. Mr. Ellenwood has been in the railway business ever since his boyhood and never met with the least accident while on the road.

Foreman I. Wise, of the Pittsburg tank shop, is entertaining C. Martin, of Goshen, Ind. Last evening the Magner brothers, who comprise a fine orchestra, dropped into the Wise home and contributed much to the pleasure of Mr. Martin's visit by playing some excellent pieces of music. Mr. Martin is connected with the Cleveland Oil company.

C. Sweeney, a Pittsburg yard engineer, and his wife, will leave next Monday for Washington, D. C., where they will be the guests of J. G. Carman for a week or ten days. They will also witness the inaugural exercises. Mr. Carman formerly resided in this city. He is a locomotive engineer and for a number of years was employed on the Pittsburg road.

Conductor W. L. Benedict, of the Pittsburg, one of the enthusiastic Nimrods of Fort Wayne, has returned from the western part of the state, where he was looking over the hunting fields. He says the ducks have not yet arrived at the marshes, though there are a few in the rivers thereabouts. This cold snap will stop migration, Mr. Benedict says, if it does not drive those birds already here back to their southern feeding grounds.

MINISTERS' MEET.

Rev. James Stuart Ainslie Advances Some Suggestions.

Must Develop the Latent Forces of the Church and Adopt New Methods—Must Have Cooperation.

There was a large attendance at the ministers' meeting yesterday at the Y. M. C. A. building, to hear and discuss the paper that was presented by the Rev. J. S. Ainslie upon "The Church and the People, and How the Church May do More Effective Work." It was made very clear that Christianity is a growing power in the life and thought of the nation; that during the century now closing church edifices and members of churches have increased more rapidly than the population. "But still," said the speaker, "the majority of the people are not practically reached by the gospel, and we must develop the latent forces of the church and adopt new methods and have more of the spirit of friendly co-operation among the denominations if we are to reach the whole population, as we ought to do."

The salient points of the paper were heartily endorsed by the ministers present. The meetings of the association are growing in interest and power. Mr. Alexander Johnson has been invited to speak at the meeting two weeks hence.

FIGHT FEARED.

Christians and Mussulmans May Have Another Meeting.

It Will be Outside the City of Selonis and be Fearful in Its Results.

ROME, Feb. 23.—During the armistice at Selonis, island of Crete, which has been arranged by the British, Italian and Russian consuls between the Mussulmans and Christians the latter have consented that inhabitants of the town be allowed to depart, provided they are followed by the Turkish troops, with their arms and baggage. Another provision that the Greek troops shall not interfere between the Christians and Mussulmans renders the evacuation extremely dangerous and suggests that the Christians propose to attack the Mussulmans when the latter make their exit from the town.

The great organ for the Wayne street M. E. church is now in the church and experts from the factory are putting the same in condition for use. It will be tuned and voiced ready for testing Friday evening. All of its excellencies and beauties will be displayed on next Monday evening by Harrison M. Wilde, at the inaugural recital.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

LA GRIPPE

Pneumonia, Bronchitis, Coughs, Colds, Catarrh and Asthma,

Are Being Cured Every Day By Hirons' Remedies—The Following Testimonials Prove the Facts.

Catarrh, one of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually: clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored. Remember that a disease of long standing, one that has grown until it permeates every drop of blood in the body, cannot be cured within a few days or weeks, though the cleansing and healing processes begin with the first use of the two medicines.

HIRONS NEW ASTHMA AND COUGH CURE.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by a sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external irritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breathing, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

A Word From Charles Vaugelehner, the Electrician.

Hirons Medicine Co., Room 3 Schmitz Block, Fort Wayne, Ind.:

DEAR SIRS—I have had a bad case of catarrh for 14 years. There was a constant dripping of mucous into my throat. Every morning my nose, head and throat would be filled up. After a terrible siege of trying to remove the mucous I would become so sick that it was with difficulty that I could eat my breakfast. I had no appetite. The disease developed into bronchitis and dyspepsia. I read of your Double Treatment for Catarrh, and after having used your remedies for a short time, I can cheerfully say that now my appetite is good, I have no more trouble with indigestion, my throat is well, and my general health has not been as good for years.

CHARLES VAUGELEHNER.

Hemorrhage of the Lungs Cured.

Miss Anna Schoeph, who resides at 108 W. Superior St., says: I take great pleasure in signing the following statement: All my life I have been afflicted with a bronchial cough. A year ago I had a hemorrhage of the lungs. Since that time for months I have been troubled with hemorrhages. I was advised by a friend to use your New Asthma and Cough Cure. I have taken four bottles of the remedy. I have no more soreness in my lungs and the hemorrhages have ceased. I cannot say enough in the praise of your medicine.

Signed. ANNA SCHOEPH.

Has Not Wheezed for Over Three Years.

Mr. Frank Joly, the well known Columbia street grocer, makes this statement over his signature: "I contracted Asthma about twelve years ago while working in a damp cellar. Many nights during that time I had to be propped up on my pillow in order that I might breathe. I used many remedies but received no permanent relief. Three years ago I tried Hirons' New Asthma and Cough Cure, and after having used two bottles of the remedy I was entirely cured. I have never wheezed since.
"[Signed] FRANK JOLY,

"La Grippe Cough Cured."

Hirons' Medicine Co.:

DEAR SIRS:—I had a severe case of La Grippe some time ago and suffered with a terrible cough until I tried a bottle of your New Asthma and Cough Cure. I used only one bottle of the medicine and it cured me entirely. I have had no cough since.

[Signed]
MRS. CHARLES C. ADAMS,

Cured of Catarrh.

The Hirons Medicine Co., Room 3, Schmitz Block, City:

DEAR SIRS:—I am twenty-eight years old, had Catarrh all my life. For years my appetite was bad. I could not sleep well. I was becoming deaf. The disease in my head became so bad that one could hear the air escape from my ear. To sum it all up, the disease was killing me by inches. I heard of your double treatment for Catarrh and began the use of the medicine at once. After using eight bottles of your remedies, I am happy to say, that I have a good appetite, I sleep well, my deafness is cured, and I have gained sixteen and one-half pounds in four months. I advise every one who has Catarrh to give your medicine a trial.

FORTY YEARS

OF SUFFERING FROM PILES.

Remarkable Cure of Popular Major Dean of Columbus, Ohio.

People who suffer from that annoying and obstinate disease will be gratified to learn that science has discovered a safe, convenient and simple cure for every form of piles, as the experience of the popular Major Dean of Columbus, Ohio, amply attests. The Major says: I would like to add my name to the thousands who have been cured by the Pyramid Pile Cure. I know from experience that it is the only remedy on earth that will effectually cure piles; plenty of remedies give relief for a time, but as for a lasting cure I had tried all the salves, lotions, etc., without success. Six boxes of the Pyramid Pile Cure entirely removed all traces of a case of piles of forty years standing.

You may rest assured that the Pyramid Pile Cure has no staunchre advocate than myself.

I feel that it is my duty to allow you to use my name in any way you may see fit, in order that other sufferers may thus be directed to what I feel certain will be a speedy relief and cure.

The Pyramid Pile Cure gives instant relief and a permanent cure in all kinds of blind, bleeding, itching piles.

It is absolutely free from opiates, cocaine and similar poisons, so common in pile cures.

The Pyramid Pile Cure is sold by druggists at 50 cents and $1.

A book on cause and cure of Piles will be sent free by addressing the Pyramid Co., Albion, Mich.

NEWS NOTES.

Miss Edith Barcus is visiting at Bluffton.

Captain Henry McKinnie has returned to Pittsburg.

The Recherche club held their annual reception last evening.

Miss Mamie Becker entertained this afternoon in honor of her birthday.

Frederick C. Eix has resigned his position as janitor of Trinity Episcopal church.

Miss May Trentman entertained the Sois de Eant club yesterday afternoon at a Washington tea party.

The Business Men's Commercial Exchange will hold a meeting this evening at their rooms, in the Bass block.

Mrs. C. M. Tindall, of West Main street, had the misfortune to fall on an icy sidewalk, injuring herself quite seriously.

J. F. Schell, who was taken ill while returning from Cleveland a few days ago, is still confined to his bed at his home in Lakeside.

The common council will be in regular session this evening. At this meeting R. J. Fisher's resignation as councilman-at-large will be received.

The Woman's Relief Corps will give a social and entertainment tomorrow evening at G. A. R. hall, for the benefit of the Andersonville prison fund.

The Home Benevolent society has elected officers as follows: President, W. S. Wells; treasurer, Horace S. Rhoskheaver; director, A. S. Schmotzer; secretary, A. L. Schroeder.

On account of the sickness of Mrs. Ralfsnyder, No. 26 West Williams street, the "hard times social" that was to have been given at her home next Friday evening, is postponed. It will be given later on.

The armory of the Fort Wayne Greys was well filled last evening by an audience which highly appreciated the program offered by the organization. The members taking part in the entertainment did splendidly.

W. F. Heath, of Ottawa, Ill., and B. H. Parmalee, of the same state, were guests of O. W. Pixley yesterday while en route home from Utica, N. Y., where they purchased goods for the Pixley stores, of which they are managers.

Miss Minnie Rosenthal, of Geo. DeWald & Co., leaves for Chicago for a two weeks' visit with Mrs. Ben Brunswick, of 362 Forty-first street.

Charles Hippenhammer, of Lake township, had one of his hands crushed yesterday. A railroad tie, which he was handling, fell on the member.

Wednesday afternoon the Rathbone Thimble club will meet at the home of Mrs. Chas. Holverstott, No. 519 South Broadway. Tea served from 3 till 5 o'clock.

Mrs. J. C. Craig will entertain the ladies of the order of Ladies' Auxiliary to the O. R. C. and a few friends this evening at her pleasant home, corner of Clinton and Masterson streets.

Affliction has fallen heavily on the home of Mr. and Mrs. Buchart, of Home avenue. Sunday they lost their two-year-old son, Johnnie, by death from bronchitis and now their little daughter is very sick.

Bluffton News: "Mrs. Henry Kover went to Fort Wayne this morning for a two weeks' visit with her daughter, Mrs. B. G. Fisher.—M. J. Collins and wife, who have been guests of Asa Brown and family, of South Marion street, returned this morning to their home in Fort Wayne. Owen Brown accompanied them."

In front of the Harmon house are five or six mounds of mud and above them, fastened to a staff of wood, are banners bearing the legend, "Men and teams wanted here." To the casual observer these unsightly piles are taken as a hint that the parties who made them are of the opinion that the street cleaning department of the city is not attending to business.

John L. Hanna has entered actively upon his duties as meteorological observer for the government at this point. Some of the instruments to be used in fitting up the station have been delayed in transit, and an investigation is now being made to discover them. When his apparatus is all placed, Mr. Hanna will take the temperature, air pressure, rainfall and other natural conditions of importance to the weather bureau.
